

Dear Friends and Family:

We have had a special past couple of weeks. Lots of excitement.

The girls' volleyball has been very rewarding. There are 25 girls that have practiced all summer and have really excelled. Yesterday, we had a wind up tournament inviting girls out from the village where we used to live in Simone. We had 3 teams from the village here and they brought two teams from Simone area. There were several hundred people by the time we got to the final round. Katie's team did really well winning all their games. Good teamwork!

We are so thankful for the nice friends that Katie has made here at the camp. They are all from the nearby village of tiverny. She has gotten to know most of them through volleyball, except for her very good friend, "Nose", who is sitting on the quad in the blue dress. She has been a good friend to Katie since our involvement out here.

We are so thankful for the "teamwork" on the containers. The container driving onto the camp property is always a welcome sight. We have received two containers in the last month. One from our hometown in B.C., and also one from "Harvest" in Florida. Many people have sent items on these containers, to use here at the camp. A special "Thank you" to each one for your kindness and help in setting up this camp for the children in the south of Haiti. It has been amazing to see how the Lord has brought different cities, churches, and friends together to make this all happen. We are grateful! Rod certainly has his work cut out for him.....we're looking forward to the help of others too.

A group kindly bought appliances, shelving, sinks and dishes, for the camp kitchen. We look forward to feeding two hundred children per week sometime in the near future.

Other friends sent beautiful bikes, kayaks and chairs. The girls are already using the bikes. Others sent sinks, toilets and ceiling fans, and building supplies. We really appreciate the teamwork. So many useful items were sent to us. We are thankful for the effort of many. The containers stay here at the camp. One for a "bike" depot, and the other to hold the "water sports" items.

The "teamwork" behind the scenes in keeping the various ministries going is a huge help. Thank-you to each one who has kindly sent items to us. From pillowslip dresses to shoes, soccer balls and health kits, it has been great to be able to share your gifts with the children of Renault. Thank-you for encouraging the children.

Thank you for being a part of the work here. Whether it's through emails, phone calls, donating items, packing containers, prayers, or financial support, you are a part of the team. This work is not possible without your involvement. We appreciate you

God Bless, Rod, Deb, and Katie
